## Company Information:

**Company Name:** Harmony Place Leading Women's Treatment Center

**Center Quote:** HARMONY PLACE, Exclusively for Women, is internationally renowned for providing intimate, personalized programs for women seeking treatment of addiction and dual disorders. Our residential program synthesizes concepts drawn from proactive relapse prevention education, cognitive and psychodynamic theories and 12-Step philosophy to provide our clients with a strong foundation to support long-term recovery.

## **Personal Information:**

**About Me:** Harmony Place, located in Los Angeles provides structured drug and alcohol treatment for the woman who is accustomed to a well-appointed life. We offer a comfortable place to do uncomfortable work. We remove concerns for personal comfort so the individual can focus on the primary goals of treatment for addiction and dual disorders. We pride ourselves on furnishing the highest quality of treatment for women available, blending traditional and holistic approaches to promote successful recovery from addiction and dual disorders.

**Facility Description:** Harmony Place, a women's Los Angeles rehab center, layers the best of traditional and alternative treatment philosophies for women with the enhancement of a state-of-the-art program designed specifically to help women heal. A country estate property, hidden in an exclusive Southern California neighborhood, provides a safe and nurturing environment necessary to address issues personal to women. Secluded grounds lend peace, quiet and comfort to balance the challenges of changes to come. Beautiful landscaping and architecture stand as stately and steadfast as the recovery they support.

**Treatment Philosophy Statement:** Our Women's Treatment Program Philosophy support individuals in recognizing and appreciating the impact of addiction and any co-occurring dual diagnoses. Women enrolled in our drug treatment programs identify how their addiction and other diagnoses manifest and are provided with personal interventions to help support a successful and lasting recovery. Our clients are guided through examination and developmental processes, fostering their ability to create personal plans for action, designed to produce the desired changes in their lives.
